The J. E. Cosgriff Sixth Grade held their annual “EGG DROP” experiment last week. Under the direction of Ms. McCormick, the sixth grade teacher, the students worked together in pairs to design a device that could keep an egg intact when dropped off the roof of the school.

After much excitement at each drop, the students opened their packages to discover whether or not their drop was successful. Based on results, they could further explore the dynamics of gravity. All but three designs survived!

## VOLUME XLVII NUMBER 17

**Catholic Home Mission Collection:** This weekend a special collection will be taken up after Communion at all Masses to support the Catholic Home Missions. The “home missions” are parishes throughout the United States that are unable to be self-supporting because location, income or size. Money from this collection helps to provide Catholic services and personnel to parishes or missions that would be neglected without outside assistance. Several parishes and mission in our own Diocese of Salt Lake City benefit from your generosity. Envelopes for this collection are available at the entrances to the Church. Thank you for your help.

**Cosgriff School Scholarship Fund:** St. Ambrose Parish will be having a special collection that will be taken up at all the Masses next weekend, May 3<sup>rd</sup> and 4<sup>th</sup>, for the J.E.
